KICKSTARTING DREAMS: Richmond Football Clinic Inspires Local Students!

Alisha Watson

THE Richmond Football Clinic, held on Tuesday, February 3rd, was an exciting opportunity for students from Tallangatta Primary School in Years 3 to 6 to engage with professional athletes and develop their football skills. The clinic was a hit with the kids, who had the chance to listen to the Richmond footballers share their insights and experiences, learning valuable lessons about teamwork, dedication, and discipline.

Events like the Richmond Football Clinic play a crucial role in inspiring young minds and building a sense of ambition. By participating in such hands-on experiences, children are not only introduced to the world of professional sports but are also encouraged to pursue their own goals with passion and perseverance. These experiences motivate students to push their own limits and set higher goals, not just in sports, but in all aspects of life. The guidance and wisdom shared by role models like the Richmond footballers provide a powerful example. Thank you AFL Victoria for providing this opportunity to the students of Tallangatta Primary School.

Indian Myna birds

Judy Cochrane

INDIAN Myna birds can now be found in the Tallangatta area. These introduced birds are the number one feral enemy in Australia. They are a huge threat to our native birds as they aggressively take over nesting sites and will throw out the chicks of native birds. They are a threat to human health if they nest in roofs as their mites, if inhaled, can cause asthma, hay fever and cause itching bites. They spread diseases such as salmonellosis, Avian flu and infections leading to pneumonia. These birds need to be eradicated before they take over our area and we lose our native birds and have health issues.

These birds can be trapped and euthanised humanely. In Autumn the birds aggregate into large flocks and this is the ideal time to trap them. Many Councils have eradication programs and are now providing traps to loan to the community. Traps can be purchased at Bunnings or made from comprehensive plans available on the Internet.

It is very important that you do not encourage these birds by feeding them in your garden. You are not permitted to shoot birds in Tallangatta, so trapping is the best way to go. In Autumn the birds aggregate into large flocks, so this is the ideal time to trap them. If an eradication program can be in progress by then maybe we can reduce their numbers before they depredate our native birds.

I went to the recent Council meeting and put forward the above information. Council has to approach the Ministry of Agriculture for their guidelines before they can make any decisions. Meanwhile if you already have a trap please use it or lend it to anyone who has sighted Indian Myna birds in their garden.

If you have any thoughts on the above information please contact me, Judy Cochrane, on 0260712824 and maybe we can come up with some solutions.

Kaleid-O-Scope

Knowing Our Spirit

Kaleidoscope symbolizes ever changing and endless possibilities contained in the human experience.

Nycol Dorval

I created this space to help people and make them feel good. To help them on their journey of life and to inspire them to be the best version of themselves.

I also felt within myself a loss of connection and a loss of connection with others and my community. And in creating this space I have found I am not alone in this feeling. There are so many of us who are lonely and disconnected withing themselves and with others around them.

Kaleid-O-Scope is here to facilitate this connection. One-on-one sessions help you to connect with yourself. Group sessions help you to connect with yourself and others in your community.

I would love for the community to come to my grand opening on Saturday 1st March 2025 between 10:00 a.m. and 12:00 p.m. at 77 Towong Street, Tallangatta next to the Tallangatta Hotel.

You can have a walk through the space, ask any questions you may have about what I do, discover the tools I use and have a play with them. I will have refreshments and some nibbles and maybe some bubbles as well. While you are there you can have a chat with others in the room and maybe even choose your own oracle card and read and reflect on its message.

I truly hope to see you soon in my space so you can connect to yourself and community.

Journaling is a great way to connect to yourself, give yourself quiet time you need and release some stuck emotions. Even 5 minutes every couple of days will be a huge benefit to you. Here are some prompts to help you if you feel stuck on what to write:

1. What are the three things I am most grateful for in my life today?
2. What one thing makes me extremely proud of myself?
3. What do I want my life look like one year from now?
4. What 5 things am I extremely good at?
5. Write 3 goals I definitely want to achieve in the next year

Recent Activity

Combined Meeting

Our combined meeting with members of the Rotary Club of Corryong, and guests of both Clubs, was a 'hit' at the Koetong Pub on Wednesday, February 5th. Meeting outdoors in a pleasant twilight atmosphere, we were treated to a dynamic presentation from our saxophone playing District Governor, Stephen O'Connell, accompanied by his equally enthusiastic Rotarian wife, Carol, reminding us of the various levels of the 'Magic of Rotary' that we enjoy

Expo 2025

Wednesday, April 16th., 2025. – A reminder from last issue - Considerable effort is underway developing a sponsorship package to help support this year's event. The website has been 'tweaked' to become a 'vibrant' source of information. This year's Wood Raffle package has been doubled to $2000 in value, with tickets at $5 each or 4 for $20.

Watch this space for further Expo developments.

Photos: DG Stephen and Rotarian Carol in action

Scrabble Babble

By the Babbling Scrabbler

WHERE did January go? It's nearly mid-February and the Scrabble boards have been going hot and heavy, with emphasis on the hot. Fortunately, the air con at the Senior Citizen's rooms is working well and keeping all participants calm, cool, and collected. This report will be a bit of a summing-up of many recent meetings held while The Herald was away on holidays and I had a Senior's Moment prior to the first issue this year.

This weeks' puzzler: What 7-letter word can you make from these letters?

T Y E S A U D

Highlights of the Summer

This segment covers the last games of 2024 and any games played in January. Over this period, Jenni has won 15 of the 16 games she's played. In addition, Jenni has had 9 Bingos. In one game, she had two and in another game she had two consecutive! Quite a feat. Jenni played: averages, lancets, drunken, bacteria, seconds, blasted, nooners, escaping, and tossed for 50-pointers.

Our newest addition to Fridays is Michael and he had a good summer as well, winning five out of five games on another table. Di and Jude won 1 of 2 each and Elaine 2 of 3 on another table. No Bingos, however. Jenni used them all.

On February 7, we organized two tables of three players each. Table 1 had Jenni, Danny, and Bev battling it out while on Table 2 Michael, Di, and Elaine took each other on.

Table 1, game 1 saw Jenni lead for most of the game with Danny staying close and going out but still fell short by five points, 203-198 to Jenni. Jenni repeated her performance in game 2 with a 214-186 win over Danny. Danny began game 3 with a Bingo (retains) but Jenni countered on her next play with 'soldiers'. But Danny continued scoring at an average 26 points per play and then went out collecting another 16 for a 253-191 win over Jenni. Game 4 was an absolute lesson in how valuable going out can be. Having a Bingo (teenier) on your last play doesn't hurt, either. 98 points on her last play gave Jennie the win 212-206 over Danny despite Danny having another 26 ppp (points per play) average. Fantastic finish! It's not over until the obese female vocalist performs.

Over on table 2, Michael was continuing his good form from January with two wins in a row before Di prevented the clean sweep. Michael had a very comfortable win in game 1, 239-146 and 147 for second. Di made it a bit closer in game 2 but Michael persevered with a 195-170 win. The letters started coming Di's way in game 3 and she made the most of it with a 171-160 win over Michael in second.

The answer to this issue's puzzler:
TUESDAY

Scrabble is a great game to keep the grey matter active. We play every Friday at 1pm at the Senior Citizen's Rooms. Plenty of laughs and catching up on the latest news. All players welcome, regardless of previous experience or ability. Come and join us.

Weekly Tip No. 36

Don't discount two- and three-letter words

Expertly placed on a double- or triple letter bonus square, tiny words like QI, JO, XI, XU, AX, OX, EX, and ZA can get you 20-plus points. They also come in handy for getting rid of excess vowels or creating stepping stones for your next turn. Experts will memorise lists of them, but spelled-out English and Greek letters (like Zee or Zed for Z and Ef for F) count as well as expression sounds like BRRR, UM and HMM.

Tallangatta CFA News

How parents and caregivers can prevent burns and scalds

Parents and caregivers need to know that very young children think and behave in a different way to adults. For example, if there is a fire, they are more likely to hide than to flee. It is the responsibility of the adult to foresee danger.

Supervise children at all times

Most injuries occur during normal everyday activities around the home. Many accidents happen when children are unsupervised. Parents should be present during any situation wherever and whenever there is potential for burns and scalds.

Fire safe behavior is reliant on:

- Awareness of risk and knowing what to do to reduce the risk
- Adequate supervision of children
- Positive role modelling by parents / caregivers
- Parents / caregivers controlling or removing the hazard

Understanding children's interest in fire

Many children show an interest in fire at an early age. They may ask questions about fire, play games like 'pretend cooking', or role play as firefighters. The most common indicators of fire interest are sitting close to and watching fires, poking at fires or asking to help build or light a fire or candles.

For some children, this interest can lead to fire play (lighting matches or flicking lighters) or fire setting. Such activity places the child and his / her family at great risk. Many residential fires causing the death of children under five are lit by children.

By being alert to the dangers of burns, scalds and fires you can take action to prevent them and prevent injuries.

HEALTH

Tallangatta Health Service News

Tallangatta Health Service – What Can We Offer You?

Have you ever wondered what services are available to you in your home? Have you ever wondered "Can I see a physiotherapist in Tallangatta?" Have you always thought that services in your home are only available to those over 65 years of age? Come along to one of our roadshows to find out more about how we can help you. We have already conducted our first, very successful, roadshow at Tallangatta Valley Hall, and have several more roadshows scheduled over the coming weeks. See details below.

Tallangatta Health Service (THS) offers a wide range of services, both in-home and onsite. Depending on your age, needs and circumstances, services can be offered under a number of funding streams.

Commonwealth Home Support (CHSP)

For people aged 65 years and over, or 50 years and over for Aboriginal Torres Strait Islander clients.

In-home services include domestic assistance, property maintenance, social support individual (assistance to appointments/shopping), personal care, meal preparation, meals on wheels, flexible in-home respite, home modifications and district nursing. This program even runs regular bus outings to places of interest in the local area.

Home and Community Care Program for Younger People (HACC PYP)

For eligible people aged under 65 years, or under 50 years for Aboriginal Torres Strait Islander clients.

HACC PYP services can be ongoing, short term or one off, depending on your circumstances.

Services offered under this funding include domestic assistance, social support individual (assistance to appointments/shopping), meal preparation, property maintenance and district nursing.

Home Care Packages

Do you have a Home Care Package? At Tallangatta Health Service we have a very caring Home Care Package Coordinator, who can assist you to manage your funds to access the services and equipment that you most need. Give Lisa a call to discuss further on 02 6071 5238.

Brokerage

Do you have a Home Care Package that is managed externally to Tallangatta Health Service? Your package manager can broker services from Tallangatta Health Service to best meet your needs. Speak to your manager today and ask them to give Tallangatta Health Service a call.

Veterans Home Care (VHC) / Department Veteran's Affairs (DVA)

We provide services to members of the community who qualify for Veteran's Home Care or services under the Department of Veteran's Affairs. These services may include domestic assistance, property maintenance (ongoing or once off), personal care and district nursing. Referrals are received at THS from VHC and DVA.

National Disability Insurance Scheme (NDIS)

Do you qualify for NDIS funding? We can help you. Contact us directly, or ask your support coordinator to contact us to discuss what services you are eligible for and how we can help provide these services. We can help with personal activities, transport, nursing care, life skills, household tasks, community participation, therapeutic support and group/centre activities.

Albury Wodonga Health (AWH) funded services

Tallangatta Health Service in partnership with Albury Wodonga Health can provide short term services in your home to eligible consumers. This may include (but not limited to) short term assistance with domestic tasks or district nursing care in your home following a hospital stay, or palliative care support in your home. AWH and Tallangatta Health Service work closely together to ensure your care needs are met.

Allied Health Services

The Allied Health Team offer a wide range of services to assist with your well-being.

Whether it be a physio, a podiatrist, a dietitian, or a chat with a social worker, the Allied Health Team can help you. Why not come along and join in one of the exercise groups or walking groups – the Allied Health Team can ensure you join in the group which best meets your needs. Did you know that exercise groups are run in many of our outlying centres – Tallangatta Valley, Bellbridge/Bethanga, Dartmouth, Eskdale and of course Tallangatta.

Catch up with the team at one of our roadshows.

FREE showbags.
FREE Health checks.
Lucky door prizes.

And a wealth of information available from the team - the District Nurse Coordinator, Community Services Coordinator, Consumer Experience Coordinator and Home Care Package Coordinator.

If you cannot make it along to one of our roadshows, but would like to find out more, please contact the My Community and Home Care office on 02 6071 5238.

12.30pm-1.30pm
Memorial Hall

Fresh Food February

Fresh Food February is an initiative of our Staff Health & Wellbeing Committee. Its aim is to promote good nutrition for all. This coincides with Lunch Box Week (9 – 15 February) which is being promoted across local schools and kindergartens, but is relevant to anyone who packs a lunchbox.

As part of Fresh Food February, we are sharing tips, recipes, and messages about good nutrition. With the abundance of garden produce at this time of year, we also encourage staff to bring in their excess to share with other staff.

Staff wore green recently to create awareness of fresh food and nutrition. If you wish to know more about the importance of good nutrition, visit: *https://nutritionaustralia.org*

Above: Staff wear green for Fresh Food February

First Aid Course available to community

This course involves online learning (completed prior to the course date), plus 1.5 hours of face to face training.

HLTAID009 - Provide Cardiopulmonary Resuscitation $70

HLTAID009 - Provide First Aid $150

When: Thursday 6 March 2025, 6:00 pm.

Where: Tallangatta Health Service Activity Centre

To book: Contact Jordynn northeastfirstaidtrainer@gmail.com or phone 0413 406 569.

COVID-19

There is still community transmission of COVID-19, Influenza and RSV and it remains important to practice good hand hygiene and stay home if unwell. We will continue to work together to protect our Aged Care Residents from these contagious diseases.

- Visiting hours are between **12.30pm and 4.30pm**
- Anyone who has tested positive or been in close contact in the last 7 days for COVID-19 should not enter the facility
- You will be asked if you are free of COVID-19 symptoms

SPORT

TCM CRICKET REPORT

Photos taken by Rob Lacey

Manny Chessari

A Grade

With every win vital, the game against Corowa was called off due to a wet patch on the outfield, which was unfortunate, as the weather promptly fined up and the ground dried.

The Wodonga game saw Tallangatta bowl first and dismiss the under-manned Wodonga for 57 with Mat Oswell relishing the cooler conditions to take 4 for 20 off 9 overs. It only took Tallangatta 4.3 overs to make 60 for no wicket with Isaac Willett (32) and John Oswell (25) doing the damage.

B Grade

The game against Corowa was transferred to synthetic at Corowa and Tallangatta found themselves chasing 171 with John Dove taking 3 for 31 and Beau Nicklin 2 for 23. Tallangatta then charged past the score in 23 overs with only one wicket down. Phil Neville continued his good form with 80 not out, and Nicholas Jardim made 59.

Batting first against Wodonga, Tallangatta finished with 5 for 207 with Andrew Lade (60), Beau Nicklin (36) and Jacob Hill (33 not out) doing most of the damage. Tallangatta were able to restrict Wodonga to 150 all out, with Scott Worley returning the miserly figures of 4 for 8 off 9 overs. He was well supported by Ty Luton and John Dove with 2 wickets apiece

C Grade

The game against North Albury was abandoned due to a wet outfield.

Tallangatta fielded first against East Albury and chased leather to the tune of 7 for 257. Wayne Piltz and Jonty Thomas took 2 wickets apiece. East Albury bat, Ben Gay was outstanding with 145 not out off 103 balls. In the run chase, Tallangatta started well with a 65 run opening partnership between Adrian Chessari (36) and Jonty Thomas (35). They were well supported by Rory Kearney (28), but the target was too large and Tallangatta were dismissed for 152.

Under 16

The game against Wodonga Raiders saw Raiders bat first and make 3 for 119 with Fin Butler taking the only wicket that wasn't a run out. The run chase was magnificent with John Dove leading the charge with 53 retired, and Tallangatta finishing on 2 for 120 in 14.4. overs. Ethan Wilson smacked a handy 34 at the top of the innings.

Against New City, Tallangatta batted first on the home turf (expertly prepared by Ben Vine) and compiled 4 for 123. The opening stand between Ethan Wilson (36) and Casey McCabe (48) did most of the damage. Tallangatta then restricted New City to 7 for 85 with Jarryd Carberry taking 2 wickets with Finn Butler and Brady Butler taking one each. Under 16 currently in 3rd with one game to go.

Under 14

Tallangatta restricted North Albury Green to 7 for 69 with 2 wickets to Piper Bosse. Charli Kearney (23 not out) and Tom McCluskey (26) took Tallangatta to the victory target in 6 overs.

The Kiewa game saw Tallangatta bowl and field well to dismiss Kiewa for 73. Lenny McCabe was excellent with 4 for 10 and Piper Bosse chimed in with 2 for 9. Tallangatta easily accounted for the score and in an excellent even run chase finished with 6 for 143. Charli Kearney top scored with 22 not out ably supported by Zac Baude (20), Macgyver Barton (15 ret.), Oliver Colclough (17 ret.) and Hamish Colclough (19 ret.). The 14's find themselves on top with one round to go.
